Pizza Fraction Fun

Fun and engaging way to "deliver" fractions! Seven games in one for different levels of learning values: $\frac{1}{2}$, $\frac{1}{3}$, $\frac{1}{4}$, $\frac{1}{5}$, $\frac{1}{6}$, $\frac{1}{8}$, $\frac{1}{10}$ and $\frac{1}{12}$. Students practise identifying fractions, matching fraction equivalents and adding and subtracting fractions. Game includes 11 double-sided pizzas (one side is labelled with the fraction) with 59 individual slices, three double-sided spinners and game guide. For 2-6 players. Pizzas are 20cm in diameter.

Price: £ 9.95

Price: £ 11.69 (inc VAT)

JLER 5061

Graduated Cylinders (Set of 7)

Children explore measuring using durable polypropylene cylinders which come in calibrations of 10, 25, 50, 100, 250, 500 and 1000 ml. Excellent way to introduce measuring vocabulary and allows children to compare readings

Price: £ 23.95

Price: £ 28.14 (inc VAT)

JLER 5061

Litre Set

Filled with liquids or solids, this set of 6 graduated, clear containers teach students the relationship between volume, mass and shape. Excellent way to introduce measuring and recording skills. All are 11cm tall, with the three larger shapes holding 1 litre, the others holding 0.5 litres.

Price: £ 13.95

Price: £ 16.39 (inc VAT)

JLER 1206

Quiet Counters

Flexible plastic counters develops the skills for sorting, patterning, colour recognition, counting and calculating. Durable counters come in 6 colours and measure 2.5cm in diameter.

Price: £ 9.50

Price: £ 11.16 (inc VAT)

J20353

Pan Balance

A strong yet sensitive balance for measuring and comparing up to 2kg. Made of durable washable plastic with sliding compensators for zero adjustment. Includes five each of 5g and 10g plastic stacking weights. Balance measures 60.9cm x 35.6cm .

Price: £ 13.95
